## WAND Information Technology Taxonomy

The WAND Information Technology Taxonomy has 6,781 terms and 1,337 synonyms designed specifically to help an IT Department tag, organize, and search all of its content.

WAND's Information Technology Taxonomy includes terminology covering Data, Development, Technologies and Fields, as well as Computer Graphics and Web Design.

You will also find terms relating to IT Administration, IT Certifications, Service Providers, Software, Programs and Applications.

The WAND IT Taxonomy can be combined with the WAND Manufacturing Taxonomy to become a product development taxonomy.
