

What clients are saying about the WAND Taxonomy Library Portal

"We were able to import everything without a hitch and it saved us a ton of work "

"Having the taxonomies on hand has really jump-started our document management process, and provided us with a back-end organization that would have taken many months to get going"

"We were able to customize the Human Resources Taxonomy in less than a day to make it a perfect fit for that department. We only needed to add 50 terms, which was less than 5% of the total."

"The WAND Taxonomy is proving to be very useful and will save us a lot of time in our deployment since we don't have to create a taxonomy from scratch."

"People are experts at what they do, but (are) not experts in taxonomy building. Editing the pre-built taxonomies provides an easy contextual reference"

"The prebuilt taxonomies required about 10% customization and enabled the default search to be quickly implemented"

"Helps with faster adoption – Users see relevant search terms quickly"

"Pointers suggested by WAND allowed me to socialize the benefits of the taxonomy and gain business acceptance."
