

WAND K-12 Education Taxonomy

The WAND K-12 Taxonomy contains 828 categories and 368 synonyms covering Academics, Activities and Athletics, Administration, Facilities, Personnel, Support Services, and more.

Designed specifically for school districts, the WAND K-12 Taxonomy (also known as the WAND School District Taxonomy) was developed by a former school board member. The taxonomy was built to help school districts tag and organize content and documents so that they are more findable.

This taxonomy jump starts a taxonomy project for a school district and is ready to be customized with terminology specific to that individual school district.

Also available is the WAND Online Learning Taxonomy for schools and districts engaged in remote learning.
