

WAND Banking Taxonomy

The WAND Banking Taxonomy has 1,804 terms with 1,625 synonyms covering Processes, Regulations, Products, Lines of Business, Fees, Metrics, Banking Documents, and much more.

The WAND Banking Taxonomy is specifically designed to help banks tag and organize their unstructured information with relevant, industry specific concepts, processes, subjects, and document types.

WAND created this taxonomy by leveraging our experience helping create taxonomies for dozens of credit unions and financial institutions. We took this knowledge as a base and built a taxonomy that is a strong starter set for any commercial or retail banking institution.
