

WAND Medical Administration Taxonomy

The WAND Medical Administration Taxonomy is organized into a straightforward hierarchy and is ideal for a clinic, physician's office, hospital, or long term/short term care center that needs easy access to all the records and documentation necessary to run a well-organized facility. As with all our taxonomies, this strong foundation metadata model can be customized to include additional terms relating to your specific needs or industry.

This taxonomy contains 2,490 terms and 1,963 synonyms.
