

## WAND Fire Department Taxonomy

As you are aware, fire departments are a vital piece of public safety for both fires and other emergencies. With this taxonomy, anyone who is involved in any type of fire department will have the ability to tag and organize their unstructured information. The WAND Fire Department Taxonomy provides a strong foundation of terms and can be customized to include terms specific to a Fire Department's individual district, municipality, city, or county.

This taxonomy contains 1,552 terms and 960 synonyms.

Top level terms include:

- Facilities
- Fees
- Fire Cordes and Policies
- Fire Department Divisions and Companies
- Fire Department Equipment
- Fire Departments
- Firefighting and Rescues
- Firefighting Tactics and Techniques
- Forms, Records, and Permits
- Maintenance and Inspections
- Organizations and Associations
- Personnel
- Programs and Services
- Standard Operating Procedures and Guidelines
- Training and Education
