

WAND Local Government Taxonomy

What would a city be without their local government? And what would a local government be without their documents and data? The WAND Local Government Taxonomy is designed specifically for city, county, and other local municipal government organizations. It covers all-important local government functions, documents, forms, fees, and more. With this taxonomy, you can organize your information with ease, train your AI with speed, and begin using your company's documents and data in no time. As with all our taxonomies, this strong foundation metadata model can be customized to include additional terms relating to your specific needs or industry.
