

WAND Medical Specialties Taxonomy

WAND's Medical Specialties Taxonomy provides a hierarchical list of specialty areas in the medical industry which focus on a defined group of patients, diseases, skills, or philosophy. As with all our taxonomies, this strong foundation metadata model can be customized to include additional terms relating to your specific needs or industry.

This taxonomy contains 505 terms and 276 synonyms.

- Medical Specialists (171)
- Medical Specialties (238)
- Medical Specialty Degrees and Certifications (93)
